Hampton's Vegetable Tincture! THE GREAT DISCOVERY OF THE AGE! READ! READ! READ!

Joy to the World!—Hope for the Afflicted!—More Testimony from Home!

Baltimore from Home?

Baltimore, Sept. 11, 1851.

Messrs. Mortimer & Mowbray: I feel it a duty to make known the benefits I have derived from Dr. Hampton's Tincture. For a length of time I have been subject to great prostration of muscular power, and great debility of the nervous system, accompanied with palpitation and fluttering of the heart. I had such sudden attacks that on one occasion I could scarcely get home. I making mention of my case to a friend, he referred me to Joseph R. Stapleton, esq., an old and highly respectable eitizen of Baltimore, who had used the Tincture under similar circumstances. I called on Mr. Stapleton, and, after an interview of some minutes, I was fully satisfied of the medical virtues of the Tincture, from the evidence before me, of his own person, who, for some time previous, indicated a falling state of health, but now a hearty, hale appearance, with the activity of youth. I immediately commenced using the Tincture, and, before I took the contents of one bottle, my strength was renewed, and I can walk as brisk and am as active as I was teachy years ago. This Tincture is the grand restornwas renewed, and I can walk as brisk and am as acuse as a cast wenty years ago. This Tincture is the grand restorative of the digestive organs, which when destroyed, the whole system is in a state of suffering

I do assert it is no humbug, but is, in reality, what it is

ented to be by Dr. Hampton, the inventor.

Wonderful Cure of Hereditary Scrofula by Hampton's Vegetable Tincture! This certificate is from the pen of a gentleman whose name appears on the journal of Congress, one who is exten-sively and favorably known:

sively and favorably known:

"It affords me pleasure to state that Dr. Jesse Hampton's Tincture has effected a most extraordinary cure of my slave boy, Albert. The patient was three years old, and had the Serofula—(his father was scrofulous.) The boy was a moving mass of sores from head to foot: the upper lids of the eyes were much swollen, and turned inside out, exhibiting horrible mattering uleers that protruded over the eye-balls so as to produce blindness. It is strange, yet true, this child, that I felt resigned to see die as a Telief from suffering, has been restored to health under the treatment of Dr. Hampton.

Portsmouth, Va., Aug. 18, 1851.

Mr. J. B. Boush—Dear sir: While I am, in general, opposed to patent medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family: and in dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

I am, respectfully, yours,

Chaplain United States Navy.

Still another Witness for "Hampton's Vegetable Tincture!"

My great confidence in it has induced me to recommend it My great connected in the institute of the same its good effects in a number of cases. My little daughter had been in bad health for some time: no medicine seemed to reach her case, or to for some time: no medicine seemed to reach her case, or to do her any good, until I gave her this Tincture of Hamp-ton's, which soon restored her to robust health. I do there-fore cheerfully bear my testimony in favor of this valuable medicine, and I wish you to send me a dozen bottles, that I may always have it at hand. Yours, respectfully, ELIBHA P. HORNE,

This certificate is from one of our largest and most enter-prising farmers—the owner of those splendid oxen exhibited at the late Agricultural Fair, and who, in person, did the ploughing, with the same, that took the premium. We mention this, as, before Mr. Horne took the Tincture, his condition was such as to despair of even visiting the Fair, much less taking such a laborious part as he did, to the astonishment of those who had seen his state a short time before:

Baltimore, Feb. 4, 1852.

Messrs. Mortimer & Mowbray—Gents: Having been afficted with Chronic Inflammatory Rheumatism for some time, in its worst form, I tried every remedy that came within my reach, without any success; in fact, my sufferings increased with every new remedy I tried, until I was searcely able to walk, from the dreadful pains and swelling in my limbs. I had also an ulcer formed on my right wrist, which gave me intense pain.

When in this condition, Mr. Scott, Conductor on the Suquehanna Railroad, with several others, called my attention to the many wonderful cures made by Hamplon's Vegetable Tincture. I determined to give it a trial, as a last resort. You well remember my sufferings at the time I got the Tincture from you—they were almost past endurance. I am happy now to inform you that, in a short time after taking it, I was relieved from pain, and could walk without difficuity, and in about four weeks I was enabled to take part in the ploughing match at our late Agricultural Fair. The ulcer on my wrist is now entirely cured, and I am in the enjoyment of the very best health, with no symptoms of my old disease; all of which I feel bound to say I owe to the great healing and restorative qualities of Hampton's Vegetable Tincture.

My great confidence in it has induced me to recommend it to others and I have also seen its good effects in a num-

Stronger—Still Stronger!

Can any unprejudiced mind in the world ask stronger testimony or more convincing proof of the great restorative and curative powers of Hampton's Vegetable Tincture than given below? The writer is one of our most highly esteemed citizens, a man of integrity, and, it is extensively known, has been for a long time suffering under disease; his altered appearance now is a subject of remark, and gives additional testimony and weight to the certificate below. He is also the son of the old Doctor Dunan, whose great skill as a physician is well known to most of the oldest inhabitants of this city:

Messrs. Mortimer & Monobray—Gentlemen: It is with real pleasure that I am able to attest to the general healing and curative powers of Dr. Hampton's Vegetable Tincture. Some time during last November I was taken with a very bad and serious cough. I was advised to take Cod Liver Oil, and did so, but, getting no better, I was induced to try your Tincture. I got one bottle, and, before I had used it, all my cough left me. Permit me also to state, that for the last fifteen years I have suffered very much from Acute Rheumatism and Vertigo, confining me, at times, to my bed. I am fully convinced that I owe my present good health to the use of the Tincture, and a kind Providence.

You are, my friends, at liberty to use this as you may think proper; and believe me yours, very respectfully,

It is extensively known that the undersigned has by the practicability of aerial navigation that all who have duly examined the subject are convinced; and no person, even of those whose interests are adverse to its success, can offer a word of rational argument against it. Several model machines have been constructed, and each of them has operated successfully; and one of them, sixteen feet long, carried a small steam-engine, by the power of which the machine was propelled, and, being guided by its own behn, travelled rapidly through the air, even against a breeze of wind, in direct line or circles, escerting to the adjustment of its helm. This machine was witnessed and applicated by hundred in New York and Boston, and notices thereof were published in several newspapers of those cities at the times lince those experiments were made, the inventor has made additional improvements, whereby the invention is now perfected. And it appears certain that a safe and durable aerial ship, (or aeroport,) capable of carrying one hundred and fifty passengers at a speed of ninety miles an hour, with more perfect safety than either steamboats or railroad cars, may be constructed for \$15,000, and that the expense of running it will not exceed \$25 per day. This aeroport will make the trip to California or to Europe in two days, and will be patronized with abundance of business (more than 50,000 persons are now ready to engage passages) at \$200 per passage, which will amount to \$30,000 per trip, each way; or \$50,000 per week, besides \$4,000 for carrying mails. If this aeroport is owned in shares of \$5 each, a single share will produce an income of \$20 per week.

It is ascertained, by a mitute and careful estimate, that an aeroport loo feet long, and espable of carrying five persons at a speed of sixty miles per hour, may be constructed for \$1,500. Now, having been disappointed of the funds requisite to put this

Grand Military and Civic Ball!

On Easter Monday Evening, April 12, 1852. On Easter Monday Evening, April 12, 1852.

THE Committee of Arrangements of the WALKER SHARPSHOOTERS amounce to their fellow-citizens, that, having made unusual preparations for a grand Military and Civle Ball on the above evening, at JACKSON HALL, they assure the public that this Ball will in every respect surpass any one heretofore given by them. The Committee have procured the very best Cotillon Music, and all the appointments and arrangements will be of the first order, and calculated to insure entire gratification.

Officers of the Militia of the District and members of the several Volunteer Companies of this and adjacent cities, who may attend this Ball, are requested to appear in full uniform.

Tickets \$1-may be obtained of the principal Druggists at the Music Stores, and of any member of the Committee at the Music Stores, and of any member of the Committee who will furnish cards of invitation to the ladies. An abundant supply of refreshments will be provided for the
